This Wachine has a long arm, to accome large work. It runs at a high rate of speed silve. It runs at a high rate of speed silve, and is without a doubt, the best Machine Blor's use, over offered to the public. It is also carls little for plantation work, as it is very yet substantial and durable, with but little to great price of the public of the state of the

of the above. It runs very easy, rapidly, and is pronounced the best machine now in market for \$80.

NO.6. This is a machine got up on an entirely new principle, different from anything ever before offered to the public, and we considerly assert that for family use that not an equal. It is very light and tastly, runs very rapidly, is almost noiseless in its operation, and uses a strategist respect, it is an arranged as to be utterly impossible for it to miss slitches. It has a tension on both sides, and carries a targe supply of thread on the under spool. The strategy of thread on the under spool, the other of the sunder spool in the same time, and consequently, little liable to break worked in such a manners a never to pull both at the same time, and consequently, little liable to break in the sunder spool. The seam is very elastic and the thread does not break in washing. It will do course work better than any chesp machine sow in market, as it uses silk, cotton, or singen with couls facility. Price \$60 Descriptive Circulars furnished gratis.

Sewing Machines. HUSTON BUILDING, Corner of Third and Jefferson, DAYTON, OHIO.

WE offer the Wheeler & Wilson Sewing Machines, with important improvements, at a reduction of \$25 on former prices, and to meet the damand for a GOOD, low-prices Family Machine, have introduced a NEW STYLE, working upon the same principle, and making the same stitch, though not so highly finished, at FIFTY-FIVE DOLLARS!

The clerance, speed, noiselessness and simulicity

The elegance, speed, noiseleanness and simplicity of the Machine, the beauty and strength of stitch, being ALIKE ON BOTH SIDES, impossible to ravel, and leaving no chain or ridge on the under side, the economy of thread, and schapability to the thickest or thinness fabrics, has rendered this the most successful and popular Sewing Machine now made.

At our various officers, we sell at New York prices, and give instructions free of charge, to enable purchasers to sew ordinary seams, hem, fell, quilt, gather, bind and tuck, all on the same Machine, and warrant if for three years.

ars, by sole are relationed your relations, and the sole and sole have devoted their attent exclusively to this penuliar class of maialies, the relief they have consequently been able to rear their fellow-creature, infully testified and grailly acknowledged by convalencement patheens others daily arriving in town, from all parts of country, for the express purpose only of committees, while their exertions have been crowned to be need a ferral all valuations to two metals.

HAVING MADE AN ARRANGEMENT

with the Patentee, we are now prepared to furnish to order the above Mills, of any size, burra and
boils. The Mill is simple in its construction, having very little machinery occupying but liftle
space, and warranted to do more work with the same
amout of power, and make as good a quality of Gour,
as any Mill now manufactured. Proprietors of Saw
Mills, especially those that use steam, would find it
to their advantage to purchase one of these Mills,
for the purpose of doing oustom grinding—either
wheat, corn or other grain. The Mill will be sold
with or without the boit. The principle of the Mill
is equally applicable to the construction of large
Morehant Mills, and persons about to build, would
do well to oall and examine.
We will also furnish with the Mills, Boiting
Reels of any size and length, Saut Machines, Wheat
Cleaners, Plour Packers, etc.
Orders respectfully solicited.
